Annex to the identical letters dated 6 March 2014 from the Permanent Representative of Guinea to the United Nations addressed to the Secretary-General and the President of the Security Council

In my capacity as Chair of the Organization of Islamic Cooperation (OIC) Group in New York, I wish to draw your urgent attention to the very serious matter of Israeli provocations and violations in Occupied East Jerusalem, particularly at Al-Haram Al-Sharif, which houses the holy mosque of Al-Aqsa, and to convey the Group's grave concerns in this regard.

In the recent period, Israeli extremists, among them Government officials, have escalated their incitement regarding Al-Haram Al-Sharif and repeatedly breached the sanctity of the compound, including through the violent storming of the compound by occupying forces, heightening tensions and stirring religious sentiments. Moreover, members of the Israeli parliament recently introduced provocative legislation to assert "sovereignty" over Al-Haram Al-Sharif, with the aim of creating a fait accompli at the compound and further entrenching Israel's unlawful annexation of the city, which remains unrecognized by the international community and has been deemed null and void by the Security Council, as reaffirmed in its relevant resolutions.

OIC, with its 57 Member States, condemns all such acts of aggression and incitement, which constitute a direct provocation of Muslims worldwide, a flagrant violation of relevant United Nations resolutions and international covenants, including the Fourth Geneva Convention, and an affront to the international community's repeated calls for a cessation of illegal Israeli policies in the Occupied Palestinian Territory, including East Jerusalem. Moreover, OIC firmly rejects all attempts and illegal measures by Israel to erase the Palestinian, Arab and Muslim identity, history and presence in the land, particularly in the holy city of Jerusalem.

In this regard, OIC reiterates its support for Jordan in preserving and administering the Islamic and Christian holy sites in Jerusalem, including Al-Haram Al-Sharif, and for the Hashemite historic custodianship of the sites as exercised by His Majesty King Abdullah II Bin Al Hussein. Moreover, it must be reaffirmed that Israel's status in the Occupied Palestinian Territory, of which East Jerusalem is an integral and inseparable part, remains that of an occupying Power. We recall that the acquisition of territory by force is strictly prohibited by international law and Israel's prolonged military occupation of the Palestinian Territory, including East Jerusalem, is illegal, characterized by systematic, grave breaches of international law, including deliberate acts of colonization. As such, any Israeli attempts to impose sovereignty over the compound of the Al-Aqsa mosque, to alter the demographic composition, character and legal status of Occupied East Jerusalem, and all other provocations and aggressions against Muslim and Christian holy sites, including by means of excavations, are unlawful and must be completely halted. The continuation of Israeli violations will only further destabilize the situation and deepen the suffering of the Palestinian people, as well as undermine the current peace negotiations, and thus risks thwarting the small chance for peace that is before us, with dire consequences.

OIC reaffirms its support for the serious efforts being exerted to reach a peaceful resolution of the Israeli-Palestinian conflict, the core of the Middle East

conflict, and believes that all efforts must be made to compel Israel to immediately cease its violations. The international community must firmly demand that Israel, the occupying Power, abide by its obligations in accordance with the Fourth Geneva Convention, the Hague Regulations of 1907 and the Convention for the Protection of Cultural Property in the Event of Armed Conflict of 1954 and all relevant United Nations resolutions. This is imperative to stem the deterioration of the situation and to save the prospects for realizing peace on the basis of the two-State solution on the pre-1967 borders, in accordance with the relevant United Nations resolutions, the Madrid terms of reference and the Arab Peace Initiative.

If Israel persists with its violations, it must be held accountable and bear full responsibility for the repercussions of its violations. In this regard, OIC stresses that the sanctity of the holy mosque of Al-Aqsa and the status of the city of Al-Quds Al-Sharif constitute red lines, and that continued provocations and violations threaten not only to sabotage the peace process, but could also endanger regional and global stability.

This critical matter is a litmus test for our collective resolve to help restore confidence in the negotiations process and achieve the goal of Palestinian-Israeli peace. The international community, particularly the Security Council and the members of the Quartet, must compel Israel, the occupying Power, to cease all of its illegal, provocative actions in the Occupied Palestinian Territory, including East Jerusalem. All efforts must be made to ensure calm and respect for the sanctity of holy place including Al-Haram Al-Sharif, and to advance the peace process towards the conclusion of a just, lasting and comprehensive Palestinian-Israeli peace whereby the independence of the State of Palestine, with East Jerusalem as its capital, and the inalienable rights and legitimate national aspirations of the Palestinian people will be finally realized. Thus, the city of Al-Quds Al-Sharif can become the capital of peace, tolerance and coexistence.

I should be grateful if you would have the present letter distributed as a document of the General Assembly, under agenda items 35, 36 and 52, and of the Security Council.

Annex to the letter dated 7 March 2014 from the Permanent Representative of Turkey to the United Nations addressed to the Secretary-General

Upon instructions from my Government, I am writing in response to the letter dated 20 February 2014 addressed to you by the Greek Cypriot representative in New York and circulated as a document of the General Assembly and the Security Council (A/68/765-S/2014/119), which yet again contains false assertions similar to those made in his previous letters. In order to set the record straight, I would like to bring the following to your kind attention.

At the outset, regarding the claims of so-called "infringements of international air traffic regulations" and "violations of the national airspace of the Republic of Cyprus by Turkey", I wish, once again, to reiterate that flights within the sovereign airspace of the Turkish Republic of Northern Cyprus (TRNC) take place with the full knowledge and permission of the relevant authorities of the State, over which the Greek Cypriot administration in South Cyprus has no jurisdiction or right of say whatsoever. The civil aviation authority of the Turkish Republic of Northern Cyprus is the sole competent authority to provide air traffic and aeronautical information services within its own national airspace. Similarly, the allegation raised in the above-mentioned letter in relation to Turkish Cypriot ports is also unfounded, given the fact that the Greek Cypriot administration has no jurisdiction or right of say over Northern Cyprus. This represents yet another attempt aimed at distorting the facts and the realities of the island. As noted in our previous letters, such assertions are based on the false and illegal claim that the sovereignty of the Greek Cypriot administration extends over the whole island, including the territory, national airspace and territorial waters of the Turkish Republic of Northern Cyprus. This pretentious contention by the Greek Cypriot side ignores the present realities on the ground, namely, the existence of two independent, self-governing States on the island of Cyprus, each exercising sovereignty and jurisdiction within its respective territory.

As for the repeated false allegations regarding the Ercan airport in the north, it should once again be underlined that the technologically up-to-date Ercan area control centre and airport in Northern Cyprus have been providing constant, reliable and safe air traffic services since the Greek Cypriot refusal in 1977 to provide air traffic services in the northern part of the island in line with its isolation policy imposed on the Turkish Cypriot people. Ever since, all flights within the sovereign airspace of the Turkish Republic of Northern Cyprus take place with the full knowledge and consent of the TRNC Civil Aviation Department, over which the Greek Cypriot administration in South Cyprus has no jurisdiction or control.

The TRNC legislation on aeronautical safety meets all standards and recommendations of the International Civil Aviation Organization, providing safe and swift navigation of aircraft landing at or taking off from Ercan airport as well as using TRNC airspace. All airports in Northern Cyprus are in full conformity with international standards, and necessary investments have been made to keep up with the developing technology. The number of air traffic controllers has been increased in accordance with the increasing number of flights over the years, and the Ercan area control centre is in constant and close cooperation with the Ankara area control centre in order to ensure the safe conduct of all flights in the region. In 2013 alone, the number of passengers who used Ercan airport stood at almost 3 million, while

the projected number for 2014 is 3.2 million. Moreover, in 2013, around 22,000 planes used Ercan airport for arrival and departure and 150,000 planes used Ercan advisory airspace. These numbers are expected to be around 23,000 and 165,000, respectively, for 2014. The Turkish Cypriot side is committed to upholding the highest standards in the field of air navigation safety in full conformity with the Chicago Convention of 1944 and is ready to cooperate with the Greek Cypriot authorities on this very important issue.

Continuous attempts by the Greek Cypriot side, through often-repeated false accounts, to confer legitimacy upon the long-defunct "Republic of Cyprus" are futile, since the Turkish Cypriot people will never give in to their unjust demands. What would indeed contribute to a better atmosphere on the island is for the Greek Cypriot side to stop misappropriating for itself the rights and responsibilities that it does not legally have, and to cease its hostile and offensive acts against the Turkish Cypriot people. Moreover, the Greek Cypriot administration should once again be reminded that its counterpart is, and has always been, the Turkish Cypriot side, not Turkey, and that its insistent denial of the Turkish Cypriot rights in the north of the island does not bode well for the prospects of finding a lasting settlement of the Cyprus conflict in line with the established United Nations parameters, which envisage a new partnership on the basis of the political equality of the two peoples of the island within the framework of a bizonal, bicommunal federation with two constituent States of equal status.

Availing myself of this opportunity, I would like to call on the Greek Cypriot side to discontinue its well-known propaganda tactics and focus on the full-fledged negotiations conducted under your good offices mission for a comprehensive settlement in Cyprus without further delay. As the Turkish Cypriot side, we are committed to maintaining our constructive and positive stance and encourage our Greek Cypriot neighbours to follow a similar path.

I should be grateful if the text of the present letter could be circulated as a document of the General Assembly, under agenda item 42, and of the Security Council.

Statement of the Ministry of Foreign Affairs of Georgia regarding the violation of the airspace controlled by the Georgian central authorities

On 6 March 2014, at 12.20 p.m. local time, a Russian MI-8 military helicopter intruded from the illegally deployed military base in the occupied Tskhinvali region of Georgia into the airspace controlled by the Georgian central authorities and flew over the Georgian Ministry of Internal Affairs posts and police buildings located in the villages of the Gori and Kaspi districts, namely, Arbo, Mereti, Ditsi, Koshka, Kere, Plavi, Plavismani, Kveshi, Mejvriskhevi, Zerti, Kirbali, Bershueti, Tsitelubani, Khurvaleti, Zadiaantkari, Sakorintlo, Kvemo Chala, Pantiani and Veke.

On the same day at 6.22 p.m., a Russian unmanned aerial vehicle intruded from the occupied Abkhazia region of Georgia, specifically from the direction of Nabakevi village in the Gali district, into the airspace controlled by the Georgian central authorities, and flew over the Georgian Ministry of Internal Affairs posts in the village of Khurcha in the Zugdidi district.

The Ministry of Foreign Affairs of Georgia expresses concern over yet another instance of violation of Georgia's sovereignty and territorial integrity as well as of the 12 August 2008 Ceasefire Agreement, and calls on the international community, foreign diplomats accredited in Georgia and the European Union Monitoring Mission in Georgia to pay special attention to the situation along the occupation line in order to prevent Russia's provocative actions and attempts to escalate the situation.

The situation in the occupied territories of Azerbaijan

Letter dated 10 March 2014 from the Permanent Representative of Azerbaijan to the United Nations addressed to the Secretary-General

In accordance with instructions received from the Government of the Republic of Azerbaijan, I have the honour to draw your attention to ongoing violations of the ceasefire by the Republic of Armenia recorded for February 2014 (see annex). As seen from the annexed table, the armed forces of the Republic of Armenia continued intensive fire from their positions in the occupied territories of Azerbaijan and from the territory of Armenia at the positions of the armed forces of Azerbaijan, as well as at populated areas and civilian objects situated in the vicinity of the frontline. As a result, two Azerbaijani servicemen, Eshgin Guliyev and Kerem Nohbalayev, were killed.

I also want to use this opportunity to comment on the letter dated 18 February 2014 from the Permanent Representative of Armenia to the United Nations addressed to the Secretary-General (A/68/760-S/2014/110), the tone and content of which did not come as a surprise. Attempts to put the onus for all misdeeds on Azerbaijan are part of Armenia's deliberate yet futile policy of diverting the attention of the international community from the grave security situation on the ground, the sole responsibility for which lies with that Member State.

Upon reading that letter, one can easily notice that it was written as a response to the facts and arguments presented in the letter dated 12 February 2014 from the Permanent Representative of Azerbaijan to the United Nations addressed to the Secretary-General (A/68/752-S/2014/94), which had not yet been officially circulated as a document of the General Assembly and the Security Council at the time that the letter from the Permanent Representative of Armenia was dispatched. It is obvious that the Armenian representative had in front of him the unpublished version of Azerbaijan's letter and, in a very banal manner, used the same set of

Please recycle

arguments to blame Azerbaijan. We also deem it very important to draw your attention to the repeated cases in which letters of both Member States have been circulated on the same day, notwithstanding the significant differences in their dispatch dates.

Armenia's statement on its acceptance of and adherence to the Olympic Truce is hollow and lacks any credibility given the high number of ceasefire violations by its armed forces, as presented in my letter dated 12 February 2014.

At the same time, the Armenian representative's assertion that Azerbaijan abuses such principles of international law as the non-use of force and the threat of use of force is totally absurd, if not ridiculous. It is apparent that his memory needs to be periodically refreshed about the fact that the occupation of Azerbaijan's territory is a direct result of the use of force and military aggression by Armenia against Azerbaijan, in blatant violation of the Charter of the United Nations, the generally accepted norms and principles of international law, in particular those pertaining to respect for the territorial integrity and sovereignty of States, and relevant Security Council resolutions.

I should be grateful if you would have the present letter and its annex circulated as a document of the General Assembly, under agenda items 34 and 38, and of the Security Council.

General Assembly
Sixty-eighth session
Agenda item 42
Question of Cyprus

Security Council
Sixty-ninth year

Letter dated 11 March 2014 from the Permanent Representative of Cyprus to the United Nations addressed to the Secretary-General

Upon instructions from my Government, I enclose herewith two separate annexes recording the infringements of international air traffic regulations and violations of the national airspace of the Republic of Cyprus by Turkey (annex I) and the illegal use of closed ports by Turkish warships during the month of February 2014 (annex II). It should also be noted that Turkish commercial aircraft systematically use the illegal Tympou airport. I have the honour to draw your attention to the systematic infringements by Turkey of the sovereignty and territorial integrity of the Republic of Cyprus through blatant violations of international law, in a way that seriously jeopardizes safety and security in the greater region.

I would be grateful if you would have the present letter and its annexes circulated as a document of the General Assembly, under agenda item 42, and of the Security Council.

(*Signed*) Nicholas **Emiliou**
Permanent Representative
